Trump attributes US diesel price spike to Zelensky's attacks on Russian refineries

RT NEWS

US diesel prices hit a record \$6 per gallon, with Trump blaming Ukrainian attacks on Russian refineries. Market experts link the hike to Middle East conflicts and US-Iran tensions, while Ukraine's strikes primarily affected gasoline, not diesel supply.

Zelensky has to stop knocking out diesel fuel in Russia. Let him go after targets, but not diesel fuel, because he's causing a shortage of diesel.

Global interest in BRICS continues growing, Putin says

RT NEWS · FOLLOW-UP

Putin stated that international interest in BRICS grows as the group's independent course and commitment to international law appeal to countries worldwide. BRICS accounts for almost a quarter of global exports and 49% of global GDP growth.

Our basic values and ideals, such as commitment to an independent and autonomous course and the desire to resolve problems collectively based on international law and the key provisions of the UN Charter, appeal to many around the world.

Musk and Altman Join Amodei's Call to Slow AI Development

R/CLAUDECODE · FOLLOW-UP

Elon Musk and Sam Altman have joined Dario Amodei's proposal to slow AI development due to concerns about autonomous agents potentially taking over the internet, which could cause economic disaster within 6 to 12 months if development continues at current rates.

Amodei warned that this catastrophic scenario could materialize within 6 to 12 months if nothing is done and the agents continue to develop at the current rate.
