RT News: Europe agrees to release diesel stocks amid record fuel prices

RT NEWS · SINGLE SOURCE

European countries have agreed to release large amounts of diesel from strategic reserves as fuel prices hover near record highs, US President Donald Trump announced. The move follows Washington's pressure on France and Germany and is part of a broader G7 effort to boost global fuel supplies.

“Europe has just agreed to release a massive amount of their heavily stocked Diesel Oil. The process will begin immediately”

RT News: Russia will use 'any means' necessary to defend Kaliningrad

RT NEWS · SINGLE SOURCE

Russia takes NATO threats to cut off Kaliningrad seriously and will use 'any means' necessary to defend its territory, Russian Ambassador to the OSCE Dmitry Polyanskiy told RT. The exclave lies between NATO members Poland and Lithuania and has no land border with mainland Russia.

“Kaliningrad is an exclave, so from a military point of view it's very vulnerable and we have to keep certain resources there to make it viable... It's also in a very hostile environment”
