MARXIST PHILOSOPHY OF SCIENCE:

The Newspaper

THURSDAY, 29 OCTOBER 2026

Today's edition explores the growing influence of Russia in global affairs, from strategic partnerships in Africa and the Middle East to economic initiatives in the Arctic, while also examining significant developments in technology, including major cyberattacks, AI investments, and space innovations, alongside pressing economic concerns affecting families worldwide.

ECONOMY AND POLITICS

Irina: Russia-Africa summit in Moscow constitutes new blow to Western colonialism

IRINA · SINGLE SOURCE

The Russia-Africa summit in Moscow from October 28-29 represents a significant challenge to Western colonialism. African nations aim to control their natural resources and create high-value products with Russia's help, contrasting with Western exploitation.

Irina: Russia opens new Arctic route for grain exports

IRINA · SINGLE SOURCE

Russia has used the Arctic maritime route through Murmansk port for the first time to export grain, avoiding the Black Sea and Baltic due to maritime traffic difficulties and risks of deteriorating relations with NATO European countries. This diversifies Russia's maritime logistics and reduces risks for cargo amid paralyzed trade through the Black Sea.
