### Rollo Chino: China shows ballistic missile impact on US aircraft carrier replica

ROLLO CHINO · SINGLE SOURCE

China's state TV CCTV broadcast images of a test in Xinjiang desert where a ballistic missile hit a full-scale replica of a US aircraft carrier. The system used would be a DF-26B anti-ship missile operated by the PLA Rocket Force. The mobile missile can carry conventional or nuclear warheads with an estimated range of 3,000 to over 5,000 kilometers.

### RT News: Claims of torture spark accusations of abuse at Ukraine detention facility

RT NEWS · SINGLE SOURCE

Claims of torture at a National Guard facility near Kiev have sparked accusations that the abuse extends beyond one basement. A protest escalated into clashes with security forces after the discovery of what was described as an unofficial Ukrainian National Guard prison in a private home, where detained men were allegedly being held and tortured. Authorities reported conflicting numbers of detainees.

## El Ojo Noticias: US attacked Iranian missile and radar platforms on Qeshm island

EL OJO NOTICIAS · SINGLE SOURCE

US officials informed CNN and Wall Street Journal that a US fighter jet was targeted by an Iranian surface-to-air missile, after which it attacked the launch platform on Qeshm. Washington also acknowledged attacks on Iranian radar systems, stating they were 'limited and defensive' actions to protect its military assets.
