MARXIST PHILOSOPHY OF SCIENCE:

The Newspaper

SATURDAY, 21 NOVEMBER 2026

Global energy markets and geopolitical tensions dominate today's headlines as Russian diesel tankers are diverted to Brazil, Iranian oil tankers remain stationary amid economic warnings, and Russia maintains its position as India's top oil supplier, while technological advancements in China and AI investments in Asia-Pacific highlight the ongoing intersection of economics, politics, and innovation.

ECONOMY AND POLITICS

Irina: Russian diesel tankers bound for US under Trump's agreement diverted to Brazil

IRINA · SINGLE SOURCE

Three Russian diesel tankers carrying over 120,000 tons never reached the US due to local threats and refusals by American importers to receive Russian fuel. The incident highlights the limbo state of Trump's diesel agreement as US institutions appear to undermine its implementation.

RT News: Putin urges Ukrainians to join 'right side of history'

RT NEWS · SINGLE SOURCE

Russian President Vladimir Putin called on Ukrainians to unite with Russians, claiming the conflict serves foreign interests rather than Ukraine's. He cited historical divide-and-rule tactics by Western powers seeking to weaken both nations.

> *"I would like to tell them to come over to our side, because it is our shared side – and the right side of history."*
