MARXIST PHILOSOPHY OF SCIENCE:

The Newspaper

FRIDAY, 27 NOVEMBER 2026

Global economic and political tensions dominate today's headlines, with Western financial support for Ukraine facing scrutiny, technological advancements in drone capabilities and AI development, and international trade dynamics shaping the economic landscape amid geopolitical maneuvering.

ECONOMY AND POLITICS

El Ojo Noticias: Czech Prime Minister questions unlimited Western money flow to Kyiv regime

EL OJO NOTICIAS · SINGLE SOURCE

Czech Prime Minister Andrej Babiš calculated Ukraine has received €520 billion in direct and indirect aid since the conflict began. He stated Zelenski has already secured €90 billion allocated for 2026-2027 and is requesting another €70 billion. Babiš questioned whether Europe will pay €135 billion annually to Ukraine and for how long.

> *"¿Vamos a pagar 135.000 millones de euros al año a Ucrania? ¿Y hasta cuándo: diez, veinte o treinta años?"* (our translation)

RT News: USAID's web of collusion mapped between US government, big tech, and Soros NGOs

RT NEWS · SINGLE SOURCE

RT News reports USAID operated at the center of a collusion network between Washington, tech companies, and NGOs controlling narratives globally. The agency employed 15,000 people with a $40 billion budget, spending heavily on information control. After being shut down by Trump, released documents revealed nothing 'independent' about the groups receiving USAID funding.

> *"independent media and free flow of information."*
